

Family Owned

In 1954, Tom Violante Sr. purchased a small butcher shop to focus on high quality products and friendly neighborhood service. 70 years later, Holiday Market is an award-winning gourmet market and proud leader in their community.

In 2011, his son Tom Jr., recognized an opportunity seized it with passion, creating a sushi program that services his customers at the same high level they expected at his grocery store. That program has grown strategically, focusing on building relationships and servicing other independent grocers. We now have over 200 retail locations.

Partnerships With Independents

Our secret sauce is selecting store partners who share the same core values, including the desire to co-create the path to success and continued improvement as we do.
